388381	11/2/2026	398930	8/28/2027	410988	7/1/2028

This voluntary recall has been initiated due to inadequate current good manufacturing practice requirements for AQ120 Non-Sterile Eyewash Cartridges. Use of this product could result in a range of ocular infections such as bacterial keratitis or endophthalmitis. Immunocompromised individuals, those sustaining ocular injuries that damage the corneal epithelium, and those sustaining penetrating ocular injuries are at higher risk of potential infection. To date, Encon Safety Products has not received any reports of adverse events related to this voluntary recall.

We began shipping this product on December 2023 through November 2025 in the USA consisting of 7,677 units.

Immediately examine your inventory and quarantine product subject to recall. In addition, if you may have further distributed this product, please identify your customers and notify them at once of this product recall. Your notification to your customers may be enhanced by including a copy of this recall notification letter.
