Merchandise Return Policy

Please contact a DiVal Customer Service Representative to arrange for the return of a DiVal product. The following procedure will ensure that your return is handled in a proper and expedient manner.

Discrepancy in Order or Damaged Goods

DiVal should be notified within 7 days following delivery of any discrepancy in the order or of any damaged item received to be eligible for merchandise return.

Pre-Authorization

Before returning any merchandise to DiVal please contact Customer Service for a “**Returned Goods Authorization Number**” (RGA). Before calling have ready your purchase order and date of purchase of the goods as well as how many units you intend to return. Distributor must supply invoice number and serial numbers where applicable. Any product returned to DiVal without an RGA number will not be accepted and will be returned at your expense.

Eligible Products

Products ordered in connection with natural disasters, pandemic, or like situations may not be returned. Stock items may be returned to DiVal at any time within 60 days of purchase. Beyond 60 days, no returns will be authorized. Only products in new, re-sellable condition will be accepted. No custom/special order items will be accepted for return. You will be notified if any merchandise is not eligible for credit due to product condition or other, even if properly returned under this program. Un-credited returned merchandise will be held for 30 days and then discarded unless you notify DiVal to return the product at your expense.

By my signature, I acknowledge that I have read, understand, and agree to DiVal’s return policy as defined in this document.
