FOOTWEAR TECHNOLOGY KEY

Electrical Hazard: Provides a secondary source of protection when outsole accidentally comes in contact with live electrical circuits, helping to reduce the potential of electrical shock. This is measured under dry conditions and may deteriorate in wet environments and with wear.

Static-Dissipative: Helps protect equipment by dissipating static electricity to the walking surfaces while providing limited protection against electrical shock.

SD10 – (1-10 megohms)
SD35 – (1-35 megohms)
ESD – (1-100 megohms)

Insulation: Thinsulation™ insulation material added to the lining of boots to help keep the feet warm in cooler weather.

Waterproof: A combination of materials designed to resist water & helps to keep the foot dry.

Met Guard: Help provide extra protection over the vulnerable top of the foot. Meets US and Canadian safety standards.

OUR BRANDS & RETURN POLICY

Proper Footwear Fitting Guide:

- Wear socks that you plan on wearing with your footwear, while trying new ones on
- Have both feet measured - one foot may possibly be larger than the other
- Don't rely on shoe size alone - Different brand or even styles will fit differently
- Always stand and walk around in the shoes to see if they are comfortable, fit well, and don't rub anywhere
- You want room for your toes to be able to move freely as this helps circulation and flexibility
- Don't plan on shoes stretching over time. They should fit well when you buy them!

Warranty/Return Policy

Looking to Return or Exchange your footwear for whatever reason, we're here to help!

We offer FREE returns or exchanges up to (6) months from date of purchase.

Footwear must be NEW and have NO visible signs of wear or use.

Be 100% sure the footwear fits comfortably and properly before you wear them!

We hope that all items meet or exceed your demands for fit, quality, comfort and style!

We appreciate your business; however, we will not accept returns after shoes are soiled or show wear, other than for manufacture defects in materials and workmanship. If there is doubt about fit, quality or comfort, take the footwear home and wear them on a carpet or in a clean environment.

Why DiVal Safety ShoeMobile Service:

We recognize how busy your day can be, let us take the management of your shoe program off your plate so you can focus on your other to-dos. Our Service, Top Brands, and Excellent Customized Programs... Make it easy.

It's All About Service

DiVal's Shoe Mobile service is customized to meet the needs of our customers. We will work with you to design a Safety Footwear Program That Works, and meets your needs with the highest level of service.

- Ability to Track & Determine Eligibility so you don't have to.
- Our truck will be configured to your specific needs and will be ready for your employees.
(In fact, we have a 95% fill rate, which means you don't have people waiting for their shoes. Any orders not filled on the spot are shipped prepaid to the associate.)
- Prior to our visit, we send you posters announcing the date and time of the upcoming visit(s).
- Trucks are equipped to take cash, check, credit or offer payroll deduction if requested.
- We carry an ample supply ½ sizes, wide, and extra wide widths, ensuring a proper fit for your employees.
- Our employees are well-trained in properly finding the best footwear for the job.

Your Own Custom Online Shoe Store!

Admin Management Feature Now Available!

***One simple link for all employees -
footwear.divalsafety.com***

The DiVal Shoe Portal is an online shoe store custom built for your organization. Through this website your employees will be able to login to their own account and have quick and easy access to a pre selected assortment of safety footwear. Narrowed down to each departments needs. The companies stipend will be discounted from the employees order. A credit card card can be used to pay any remaining balance. Providing a simple and easy ordering process.

The site keeps track of each employees eligibility per your organizations needs taking you out of the Shoe Business!

Committed Customer Service

- Employees have access to our professional accountable support team.
- Employees get a confirmation email and follow up tracking information.
- Prepaid returns... We make it easy!

Reporting & Billing

- Annually, Quarterly or Monthly reporting with any specific parameters you need.
- Invoices billed to your specifications.
- All eligibility tracking is done by DiVal - Taking all of the strain of managing the shoe business out of your hands.

What's Needed to Get Started?

- Employee Roster - First & Last Name
- Employee Number - Used as the unique log-in
- Stipend / Allowance per employee
- Eligibility Requirements per employee
- Email & Phone Number per employee
