More Than Just Online Ordering

Seamless Purchasing Integration

Integration with many purchasing platforms including SAP Ariba, Coupa, and more. Choose the level of integration that fits your organization—whether that's PunchOut catalogs, electronic PO submission, ASNs, electronic invoicing, or a fully integrated procurement workflow—myDiVal provides flexible options that simplify purchasing and maintain compliance.

1 Punchout

- Login to your procurement system
- Launch myDiVal

2 Shop

- Browse your myDiVal catalog
- See your negotiated pricing
- Check real time availability
- Add items to your cart

3 Process

- Shopping cart returns to you for approval
- Internal approval workflow
- Approved PO automatically sent to myDiVal

4 Recieve

- ASN/Shipment notifications
- Electronic Invoice Transmission

Integrates with
Leading Platforms:
